

AFT DUAL USE HOPPER

Clean and efficient backfilling is an integral part of intensive sports field drainage. The AFT Dual Use Hopper has been designed to backfill narrow slits and is used in conjunction with the Wizz Wheels 55 & 75 and the slitting wheel of the AFT 45.

Over the past 30 years, A.F.T. TRENCHERS Ltd. has built a solid reputation as the foremost manufacturer of specialised sportsturf drainage equipment, supplying many professional contractors and sporting venues all over the world.

We are proud to have made invaluable contributions to many outstanding sports facilities, from the stadia of the World Cup Soccer, the Commonwealth Games and the Olympics, to Ascot race course, Glenn Eagles Golf Club and many more prestigious sportsgrounds worldwide where only the very best is good enough.
